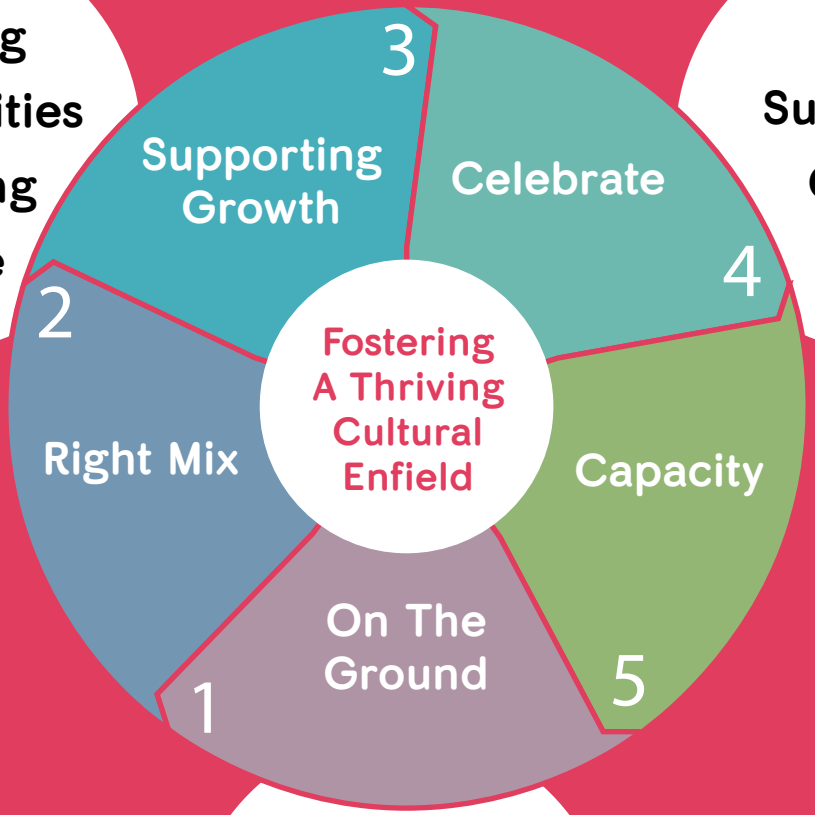
Culture Connects

Priority 1

Creating Opportunities for Young People

Priority 2

Sustainable Culture



Culture Everyday

Priority 3

A Cultural Strategy for Enfield 2020-2025

Our ambition is to connect Enfield through culture.

We want to connect our rich history of cultivation and industry with creative activity throughout our green spaces, homes and town centres, our young people with opportunity, our diverse communities with shared celebrations and events.

As culture connects us, we will see the borough grow its economy and promote its identity more widely as a bright and diverse mix of city, countryside and creativity. We will connect organisations and ambitions across the borough to achieve our vision for Enfield together.

ENFIELD Council

Culture connects.
