Dear Ms Kareer and Ms Brewer,

Further to our previous correspondence regarding the hearing sessions. You will recall that I had suggested that following my opening, the Council may wish to give an opening statement at the start of the hearing sessions.

For scheduling purposes, I would be grateful if you could provide an estimate of how long you think this will take. I would find it particularly helpful if the Council could provide within it some information on the following;

- What the AAP seeks to achieve, namely the role the AAP will play in delivering future development, and its relationship with the CS/Emerging CS and any Masterplan SPD.
- The background to Meridian Water and an update on the current status of the project in terms of permission granted, and development undertaken;
- Any other recent developments or changes which have occurred since the submission of the AAP to examination.

Yours sincerely,

Jacqui Glover  
Programme Officer,
