.....

And I agree:-

1. To construct the HDC in accordance with the approved drawings and specification. Where amendments are required, to advise Enfield Council immediately and obtain approval to any changes before proceeding with the works.
2. To comply with all permit conditions placed on the works issued by Enfield Council under the London Permit Scheme in relation to timing and duration of the works, hours of operation and traffic management.
3. To comply with directions given by any statutory undertaker where utility plant is affected.
4. To comply with any requirement of the Director of Regeneration and Environment or his authorised representative and in particular to ensure that the works or materials deposited in connection with the works are not, or do not become, a danger, nuisance, or obstruction .
5. That the works will be undertaken by a competent contractor using NRSWA accredited work force.
6. To erect and maintain all traffic signs, barriers and lamps prescribed in the "Traffic Signs Manual", Chapter 8. Traffic Safety Measures for Road Works, necessary for the safety, direction and control of traffic and pedestrians.

7. To comply with any Police or traffic regulations and not cause, permit or suffer anything to be done or continued in or upon the site of the works which may be, or become, an inconvenience, nuisance, or annoyance or cause damage to the property of adjoining occupiers or owners including the property of the Statutory Undertakers whether under or over the ground.
8. To indemnify the Council from and against all claims, cost, demands and expenses occasioned by or arising out of the said works whether the same be suffered by Council or members of the public or any statutory undertaker and for which the Council can be held responsible until such time as the reinstatement works (if any) have been carried out. Similarly, to indemnify the Statutory Undertakers against all claims, cost, demands and expenses of whatsoever nature arising from the works.
9. For Enfield Council to hold the deposit amount until the completion of the works. The deposit amount can be used to rectify any defect arising from work or deviation from approved specification.
10. That the works will be subject to a one year maintenance period and that I will rectify any defects which become apparent during that time.
11. That in the event of failure to comply with any of the above requirements the Council shall be empowered to carry out any remedial works that the Council considers necessary and I undertake to pay the Council's cost which may be so incurred.
