Foreword

This report presents an overview of the activities undertaken by Parking Services during the 2024/2025 financial year.

Service enhancements commenced in the current financial year (2025/2026), including the increased deployment of Civil Enforcement Officers (CEOs) and the initiation of blue badge enforcement measures within the borough.

Accordingly, the scope of this report is limited to the operations conducted in the previous financial year and does not reflect any changes implemented from April 2025 onward.

Introduction

Parking Services provides a range of services to residents, businesses and visitors to the borough. This annual report provides an overview of the service, activities undertaken and its performance.

These include the provision of parking permits, suspensions, cashless parking, car park management, ensuring compliance with bus lanes and moving traffic and parking restrictions across the borough, vehicle removals, as well as dealing with Penalty Charge Notice (PCN) correspondence and processing. This report has been designed to fulfil the Council's reporting obligations, as well as provide an overview of Enfield's Parking Enforcement activity from April 2024 to March 2025.

Our aim is to be open and transparent whilst providing quality service to our residents, customers and stake holders. Included you will find financial and statistical data relating to parking enforcement, permits and paid for parking, together with details of our service and the changes implemented throughout the financial year.

Enfield covers an area of 8219 hectares (82.2 square kilometres, or 31.7 square miles). It is bounded by the M25, accessed at junctions 24 and 25. It also has two trunk roads – the A10 (London to Cambridge) and A406 (London's North Circular Road).

It shares its borders with Epping Forest, Broxbourne, Welwyn Hatfield, Hertsmere, LB of Barnet, LB of Haringey and LB of Waltham Forest.

Why Regulate Parking?

It is estimated that in Britan in 2023, 85% of all journeys are made by car, van or taxi1. At the start and end of these journeys, motorists must use some form of parking provision. It is therefore essential for the public, that effective parking management is in place. The aim being to:

- Improve road safety
- Ensure good access and accessibility
- To reduce congestion
- To support the local economy
- To managing kerbside space
- Balance the needs of all road users
- Reduce emissions and contribute to improving the environment
- Provide funding for parking and wider transport improvements
- Contribute to the delivery of Mayors transport scheme and general transport strategy and objectives

Our Commitment

- To make it as easy as possible to find and pay for parking in Enfield.
- To ensure accessibility for disabled and elderly residents as well as those with small children.
- Limit fraud and take appropriate action where fraud is identified.
- Support the local economy.
- Consider the needs of users when designing our service.
- Ensure officers are visible and respectful, providing advice where to park and carrying out enforcement where appropriate.
- Comply with statutory legislation and policies.
- Be transparent about how much income is generated, where we invest the surplus and be clear about how much parking services costs.

Enforcement

Enforcement is carried out by our external contractor NSL Services Ltd, who are responsible for managing our on/off-street enforcement and reviewing our CCTV camera captures. Legislation governs the issuing and progression of Penalty Charge Notices. The relevant statutory instruments are:

On-Street and Off-Street Parking - Traffic Management Act 2004 (as amended)

CCTV Parking - Traffic Management Act 2004 (as amended)

Moving Traffic - London Local Authorities and Transport for London Act 2003 (as amended)

Bus Lanes - London Local Authorities Act 1996 (as amended)

Penalty Charge Notice Banding

The level of a Penalty Charge Notice is set by the Mayor of London and the Secretary of State for Transport and applies to all London Boroughs. For parking contraventions there are two different bands with different levels of fees depending on the type of offence. In 2024/2025, Enfield operated as a Band A borough.

	Higher	Lower
Band A	£130	£80
Band B	£110	£60

**The level of fees increased across London in April 2025. The above fees are for PCNs issued in the financial year 2024/2025 only.*

Higher level penalties apply to contraventions which are considered more serious, such as parking on yellow lines or where an obstruction is caused. Lower level penalties apply generally where parking is permitted but the regulations are contravened, such as overstaying in a pay and display bay.

Bus lane and moving traffic contraventions have one level banding, this is detailed below.

Bus lane contraventions	£130
Moving traffic contraventions	£130

**The level of fees increased across London in April 2025. The above fees are for PCNs issued in the financial year 2024/2025 only.*

Penalty Charge Notices

The below table shows the total number PCN's issued each month during the financial year. This is broken down by offence type.

Enforcement

CCTV enforcement cameras are installed across the borough, operating where there is a high level of non-compliance with parking, moving traffic and bus lane restrictions.

Moving Traffic

Moving traffic contraventions include offences such as yellow box junctions, driving in the wrong direction, proceeding through a restricted route, prohibited turn, no entry, prohibited vehicle and pedestrian zones. Included below is a table broken down by the type of contravention and the number of PCNs issued.

Contravention Code and Description	PCNs
31J: Entering and stopping in a box junction when prohibited	3,439
32d: Failing to proceed in the direction shown by the arrow on a blue sign (proceeding in the wrong direction)	4,097
32J: Failing to proceed in the direction shown by the arrow on a blue sign	2,231
33B: Using a route restricted to certain vehicles (buses only)	1,174
33c: Using a route restricted to certain vehicles (buses and cycles only)	30,275
33g: Using a route restricted to certain vehicles (local buses only)	872
33J: Using a route restricted to certain vehicles	1
38L: Failing to comply with a sign indicating that vehicular traffic must pass to the specified side of the sign (must pass to the left)	16,612
50R: Performing a prohibited turn (no right turn)	6,607
51J: Failing to comply with a no entry restriction	797
52M: Failing to comply with a prohibition on certain types of vehicle (motor vehicles)	58,973

Bus Lanes

A number of bus lanes are enforced by the Council during their restricted days and times. Included below is a table broken down by the type of contravention and the number of PCNs issued.

Contravention Code and Description	PCNs
34j: Being in a bus lane	11,255

Parking CCTV

With the introduction of the Deregulation Act in 2015, use of CCTV for the enforcement of parking restrictions was restricted across the UK by Parliament. This means the Council is only permitted to enforce bus stops or school keep clear markings via the use of CCTV cameras. Other types of parking restrictions can only be enforced by Civil Enforcement Officers (CEO).

Included below is a table broken down by the type of contravention and the number of PCNs issued.

Contravention Code and Description	PCNs
48j: Stopped in a restricted area outside a school, a hospital or a fire, police or ambulance station when prohibited	8

On-Street and Off-Street Enforcement

Enforcement of parking restrictions is carried out by CEOs, deployed on foot, moped and car. They are required to monitor all parking restrictions across the whole borough and also attend enforcement requests when they are received by the enforcement hotline.

CEOs patrol in the borough in all weathers and deal with a high level of conflict and abuse by drivers and members of the public. The Council regular works with the Metropolitan Police to ensure any reported incidents of verbal or physical assaults against CEOs are investigated appropriately.

The Council will not tolerate verbal or physical abuse towards Council officers or their contractors from residents, business or visitors to the Borough.

Included below is a table broken down by the type of contravention and the number of PCNs issued.

Vehicle Removals

Parking Services operate a vehicle removal service for those vehicles that park illegally within the borough. In 2024/2025 Parking Services removed 1,002 vehicles to the vehicle car pound and relocated 85 vehicles.

When a vehicle is removed or relocated for a parking contravention, the London Council's TRACE service will be notified.

Challenges, Representations and Appeals

If someone receives a PCN which they believe has been incorrectly issued they are entitled by law to contest it. Depending on the contravention different legislative appeals processes are in place. Any appeals must be made in writing, either online via our website or by post to the address provided on the PCN.

Once the Council has received a challenge, representation or appeal against a PCN the case is placed on hold and remains on hold until it is reviewed by Parking Services. If a challenge or representation is made during the discount period as stated on the PCN then the case will be held at the discount amount and if the challenge or representation is rejected the discount amount would be re-offered.

On and Off Street Parking PCN – Issued by a Civil Enforcement Officer (CEO)

Informal Challenge: can be made after the initial PCN is issued by the CEO either by attaching it to the vehicle or handing it to the driver. These challenges are responded to by NSL Services Ltd, on behalf of the Parking Services.

Formal Representation: can be made by the registered keeper of the vehicle after a Notice to Owner has been issued by post.

Independent Appeal: can be made once the Council has received a Formal Representation and issued a formal rejection letter. The rejection letter will give information on how to appeal to an independent adjudicator.

CCTV Parking

Formal Representation: can be made by the registered keeper of the vehicle after a PCN has been issued by post.

Independent Appeal: can be made once the Council has received a Formal Representation and issued a formal rejection letter. The rejection letter will give information on how to appeal to an independent adjudicator.

Moving Traffic

Formal Representation: can be made by the registered keeper of the vehicle after a PCN has been issued by post.

Independent Appeal: can be made once the Council has received a Formal Representation and issued a formal rejection letter. The rejection letter will give information on how to appeal to an independent adjudicator.

Bus Lane

Informal Challenge: can be made after a Bus Lane PCN has been issued by post to the registered keeper of the vehicle.

Formal Representation: can be made by the registered keeper of the vehicle after an Enforcement Notice has been issued by post.

Independent Appeal: can be made once the Council has received a Formal Representation and issued a formal rejection letter. The rejection letter will give information on how to appeal to an independent adjudicator.

Paid Parking

Cashless Parking

The Council has partnered with PayByPhone, a digital parking payment provider, that offers motorist the convenience of paying for parking on the go, using an app or web browser to pay for their parking within the borough.

For those that are unable to use the PayByPhone service to pay for their parking, a PayPoint service is also provided in operating shops within the borough. Drivers can alternatively pay for their parking via the PayPoint service.

Parking Vouchers

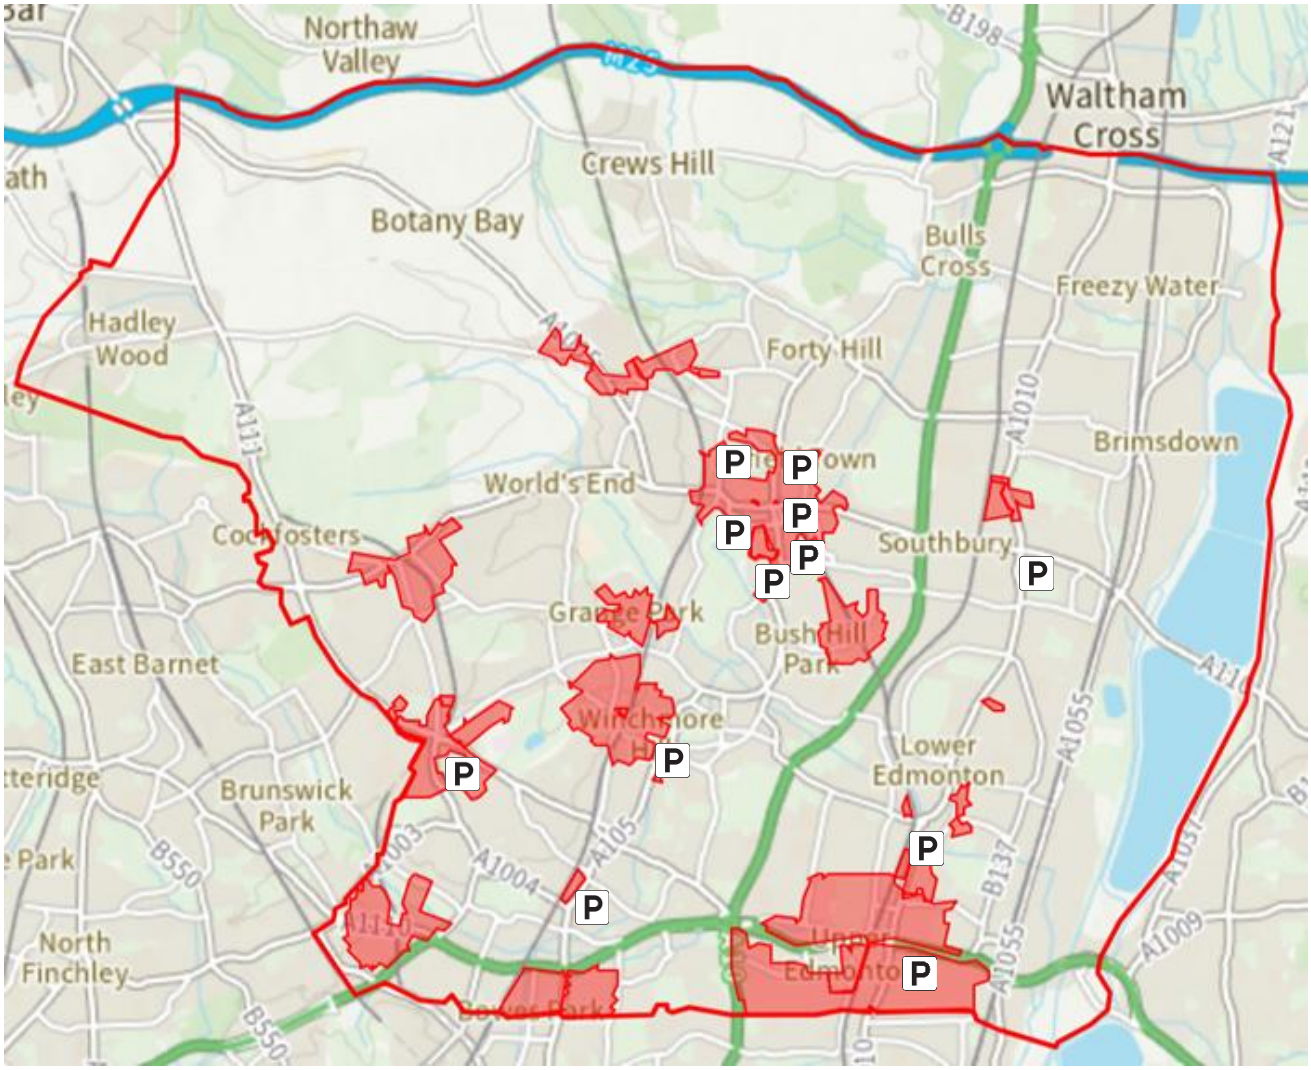

Motorists can also purchase parking vouchers to be used in on street pay to park bays or in Council run car parks.

Parking vouchers are currently available at:

- The Parking Shop in Crown Road, EN1 1FE
- Enfield Town Library
- Edmonton Green Library
- Ordnance Unity Centre Library
- Palmers Green Library

The voucher must be clearly displayed when parked in the parking space. The time and date must be scratched off at time of arrival (am or pm), then leave the voucher either on the dashboard or visible in the car window.

Turkey Street, Enfield

Controlled Parking Zones

The Council currently operate 26 Controlled Parking Zones within the borough and 5 Housing Estates. In most cases these are located close to train stations, high street or at the request of residents for parking controls.

Within each zone, a variety of parking permits are available, all of which are zone specific. More information on Controlled Parking Zones and their operating days/hours can be found on the Council's website https://www.enfield.gov.uk/services/parking/controlled-parking-zones.

Parking Permits

Applicants can apply for permits online or at the Council parking shop located at the Enfield Vehicle Pound, Crown Road. Once a permit application has been verified and approved a permit is printed and sent to the applicant's address. A permit should be displayed in the vehicle when parked in the applicable Controlled Parking Zone. Included is a breakdown of permits issued in the financial year.

Carer Permits

Carer permits allow a vehicle to park in a resident permit or shared use bays during the controlled hours, provided that the zone on the permit matches the zone on the bay sign in which the vehicle is parked. These permits are only permitted to be used when the driver is required to attend the resident's property to provide care.

You are entitled to a Carer Permit if: your usual place of residence is within a Controlled Parking Zone, and you require regular and ongoing care provided by an organisation or persons outside your household.

The permit is issued to the applicant and must be kept at the address to which it has been issued. It should be displayed in the carer's vehicle during the time that care is being administered and at the end of the care session must be returned to the applicant.

Business Permits

Commercial properties operating within Controlled Parking Zones may be able to apply for a business permit to be able to park in a bay. Business addresses able to apply for a business permit would be defined as per the Traffic Management Order.

Car Park Permits

Applicants are able to apply for an inner or outer zone season ticket. An inner zone permit allows the applicant to park in an Enfield Town car park and outer zone car parks. An outer zone permit can be used in any car park that is not located in Enfield Town.

Further information on season tickets can be found on the Councils website; https://www.enfield.gov.uk/services/parking/car-parks

This permit does not guarantee you a space.

Blue Badges

The Blue Badge scheme gives a range of parking concessions for badge holders and operates throughout the UK. Parking concession can vary between different boroughs.

On-street parking

In Enfield Blue Badge holders can park free of charge for an unlimited time in the following on-street bays: disabled bays, PayByPhone bays, free time-limited bays (known as stop and shop bays) and resident bays located in Controlled Parking Zones. Maximum stay restrictions do not apply for Blue Badge holders when parking in these bays.

Blue Badge holders can also park on single or double yellow lines, where loading restrictions do not apply, for a maximum stay of three hours. A time clock is required to be displayed alongside the Blue Badge to indicate the time of arrival.

Off-street parking

Blue Badge holders can park free of charge for an unlimited period in any council-managed car parks. Blue Badge holders can park in any bay except for those specifically reserved for other use, as indicated by signs and bay markings (e.g. permit holders only or Brown Badge bays - unless you have a valid Brown Badge, which you must display alongside the Blue Badge).

Disabled Persons Parking Bays

A disabled person's parking bay is a parking space marked on the public highway. Disabled parking bays that are restricted 24/7 are not required to have a sign. Disabled parking bays that do have timed restrictions or a time limit will have a sign confirming this information.

The Council can install parking bays solely for the use of disabled motorists. We assist people with disabilities by providing bays close to their home wherever possible. These bays are installed as dedicated disabled bays and have applicable bay numbers. Only the vehicle with a disabled bay parking permit for that specific bay is entitled to it.

Suspensions and Dispensations

Suspensions

Parking bays around the borough can be suspended in the event works are required on the highway or access to a specific area is required. When a parking bay is suspended, notification signs will be erected on the nearest lamppost or street sign at least 48 hours prior to the start of the suspension commencing. In emergency instances, such as a gas leak or burst water pipe, bays may be suspended without notice.

If a suspension sign is in place at a location, the driver should check this sign to ensure they do not park during the suspended period. No vehicles are permitted to wait, park or load/unload in a suspended bay unless the vehicle has been specifically exempted by Parking Services.

Between April 2024 and March 2025, 159 suspensions were issued.

Dispensations

A dispensation is a permission granted by parking services, that allows a vehicle to park in contravention of a traffic management order. Parking dispensations are only granted when it is deemed necessary to park near a location when any alternative arrangement would be unsatisfactory, for example, removals, building maintenance or repair works. The activity for which a parking waiver is issued must be taking place in order for it to be valid.

Between April 2024 and March 2025, 964 parking dispensations were issued.

Cycle Hubs and Hangers

Cycle Hubs and Hangers are available for use within the Borough and are managed on behalf of the Council by Cyclehoop.

There are two Cycle Hubs located in the borough, one next to Enfield Town station and one next to Edmonton Green station, each hub can hold 150 bicycles.
