Does your child experience anxiety linked to school attendance or are you worried about barriers to school attendance?

Join The Educational Psychology Service and Family Hubs to help shape support that works for families

This session will be a warm, welcoming space to share your views, connect with other parents and tell us what support would feel most helpful for families of children who experience anxiety linked to school attendance.

Together we will think about:

- What makes school attendance a challenge for children and families
- What support parents and carers need
- How schools, services and Family Hubs can work together
- What future parent/carer sessions should include

Wednesday 19th of November
