Feedback from our clients

"When I came in I didn't know what career I wanted. Now that I have browsed the options, I have a few in mind."

Pupil from Broomfield School

"She gave me a lot of motivation and made me curious about researching more about the things I want to do."

Pupil from Nightingale Academy School

"I feel this is very significant for young people who are unsure of their future paths in life. It helps them rationalise their thoughts and aspirations and teaches them about the jobs they wish to do".

Pupil from Enfield Grammar School

"A very helpful and eye-opening meeting and it helped me to discover a variety of professions that would suit me and the different types of volunteering that would widen my skills set."

Pupil from Oasis Academy Enfield

"This interview has helped me understand what process I need to go through in order to be what I want to become in the future."

Pupil from Heron Hall Academy

"I was able to see what careers I would be interested in and what paths to take in the future. The adviser gave me lots of ideas to think about."

Pupil from Oasis Academy Hadley

"I am clearer because I was told what I actually needed instead of what I thought I needed, and I found the websites to be really helpful and informative".

Pupil from The Latymer School

"I thought that the careers interview was extremely helpful. I was a bit lost on what I wanted to do after I left secondary school. I needed someone to help me and to guide me in the right direction. It was so helpful, and I felt confident and comfortable talking to my careers advisor and I'm normally quite shy and not confident in those types of situations."

Pupil from Kingsmead School

"She helped me apply for college."

Pupil from Orchardside School
