

Preparing for Adulthood

Transition of Young People with SEND to Adulthood

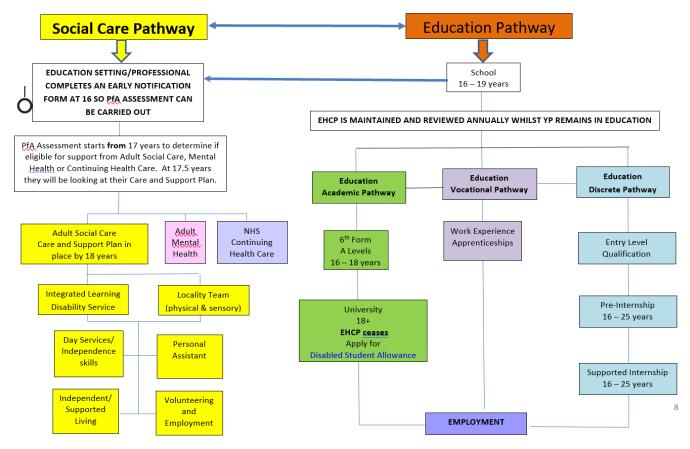

Aims of today

- Meet the professionals
- Meet other parents
- Overview of transition process and what to expect
- Find out about the events and support available

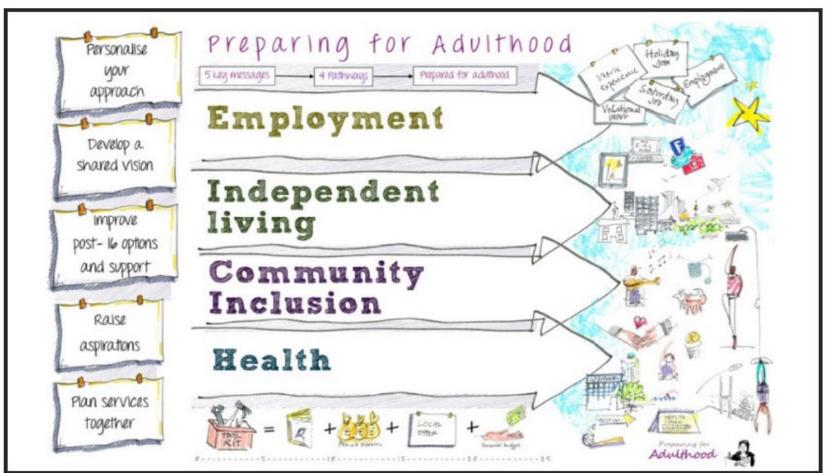

The Pathway – different for every young person

Preparing for Adulthood outcomes

Mental Capacity and Decision Making

- Under the Mental Capacity Act a person from the age of 16 (including those with SEND) is presumed capable to make their own decisions, unless all practical steps to help them have been made without success.
- Obviously they will want to include their parents and teachers in helping them to make the right decisions.
- There is an event that looks at this area in more detail and gives you the opportunity to ask questions on 27th September, 10.30am – 12.30pm at the Carnegie Building.

Preparing for Adulthood Transition to Adult Social Care

Duty of Care remains with Children's Services until young person is transferred to Adult Social Care if they meet eligible needs under the Care Act 2014

PfA Assessment from 17 years

- A professional from your allocated team will make contact to start the PfA assessment
- Assessment can take 3
 6 months
- Look at the Local Offer
- Attend the PfA events

Carers Assessment

Combined assessment

- The carer's needs will be assessed as part of the preparing for adulthood assessment. This is known as a combined assessment.
- This combined assessment looks at the impact of the carer's role and considers what support might be needed to meet both the young person's and the carer's needs.
- These combined needs are identified in the young person's assessment and support plan. This can include, for example, respite, equipment and additional support.
- The assessment will be carried out by the same professional who is carrying out the preparing for adulthood assessment.

Carers assessment

- A carer's assessment is independent of the young person's assessment.
- This assessment is about the carer.
- The carer would have their own carer's assessment and their own support plan.
- If carers would like to have their own assessment, this will be carried out by <u>Enfield Carers Centre</u>.

For more information, visit MyLife - caring for somebody.

Draft Care and Support Plan from 17.5 years

- For those transitions that are Social care led, following the PfA assessment a Social Worker will be allocated to the YP to draw up their Care and Support Plan for 18+
- The Social Worker will help the young person to decide what support is needed to help them achieve the outcomes in their Plan.
- This will include a personal budget
 - Direct Payment via e-card
 - LA commissioned service
- Look at the Local Offer/MyLife
- Attend the PfA events

Transition to Adult Social Care and annual review (18+)

- Adult Care and Support Plan, and funding in place from 18 years
- You will receive a copy of the Plan.
- If there is a delay, Children's Services will continue to fund the current package until the Adult Care and Support Plan is in place.
- On-going annual review or to ensure the young person's needs continue to be met
- If circumstances change you can request a review at anytime via Duty.

If not eligible under the Care Act

For young people who do not meet the Care Act Criteria they will be signposted to the Post 16 Education route:

- College
- Traineeships & Apprenticeships
- Supported Internships
