LATEST UPDATE

REDEVELOPMENT:

Planning application for the redevelopment of Joyce Avenue and Snell's Park Estate was submitted in September 2022. This is now being considered by the Planning Authority and we will keep you updated on the outcome of its decision which is expected in the early part of 2023.

You may also notice people undertaking survey work and inspections around the estate in the coming months. We will notify residents in advance if they are likely to cause any noise or inconvenience, but if you have any concerns please do not hesitate to contact the Boundary Hall team.

HEALTHY STREETS:

Further road works are now underway to create the new clean air route. This will involve the permanent closure of Grove Street. This means vehicles will not have access to Grove Street, creating a safe and environmentally improved area immediately outside the school. We are grateful to residents for their patience while the works are taking place.

REGENERATION TEAM:

Resident Leaseholders/Freeholders can contact the Buyback Team on 020 8379 4828 or email propertyacquisitions@enfield.gov.uk.

Council tenants can contact the Decant Team on decantteam@enfield.gov.uk or call 020 3821 1950.

Should you wish to speak to a member of the Regeneration Team in person, please visit Boundary Hall, 7 Snell's Park, N18 2SY which is open Monday to Thursday 10am-4pm. Alternatively, you can call the hub number on 020 3821 1950 or email joyceandsnells@enfield.gov.uk.

COMMUNITY MANAGER UPDATE

Work is due to be undertaken to ensure your neighbourhood is a good place to live, tackling problems like crime and antisocial behaviour. Following several engagements with residents, I am aware of the growing concerns residents have in relation to drug dealing/drug taking in and around the estate. Police have served a closure notice on a premises in Snell's Park. This means, the individual linked to the property cannot access the premises for the period specified on the notice.

We encourage all residents to report any concerns to the Police and Enfield Council, further details listed below.

FORE STREET AND ANGEL YARD UPDATE

Hopefully you have had a chance to visit the newly opened Fore Street Living Room Library and seen the artwork that has been installed in and around Fore Street funded by the GLA's Good Growth Fund. Work on the other two projects, the school street on Grove Street and the conversion of the former garages at Snell's Park into affordable workspace units, which will be known as Angel Yard, continues.

The work on Grove Street is due to be completed by the end of Autumn this year and Angel Yard, which is being built by Sullivan's – an Enfield based local business, is due to open in Spring 2023. Launch It are the organisation who will be managing Angel Yard once completed and we will be able to share more of their plans in the next newsletter.

Come along to an upcoming special event regarding Angel Yard where expressions of interest can be registered.

Meet us on Saturday 10 December 2022, 1-3pm, for a chance to visit Angel Yard. Priority will be given to residents of Joyce Avenue and Snell's Park estate who express an interest in a workshop at Angel Yard. Please meet at Boundary Hall. See page 7 for more details.

YOUTH BUS

The Youth Bus is a new additional service provided by the Youth Development Service and will enhance the current youth offer provided through the existing five youth centres and detached youth work. It will enable the youth service to reach out to more young people by taking the bus to areas of need and where there is limited youth provision. We recognise that not all young people may choose to come to one of our five youth centres and therefore it is important to bring youth provision to young people in their local communities.

Through the mobile youth provision young people will have access to information, advice and guidance, free activities, advocacy and early help support on their doorstep. The mobile youth provision will have the capacity to deliver bespoke workshops, harm reduction campaigns and activities such as job ready interviews sessions and job searching.

The Youth Bus, launched on 23rd November 2022, is equipped with a state-of-the-art technology such as digital music, access to iPad/tablets, game consoles and free WIFI.
