

Holiday Activities for Children and Young People with Special Educational Needs and/or Disability 2026

www.enfield.gov.uk

This information is designed to provide parents/carers with information about play and leisure activities that are available during the school holidays for children and young people with SEND.

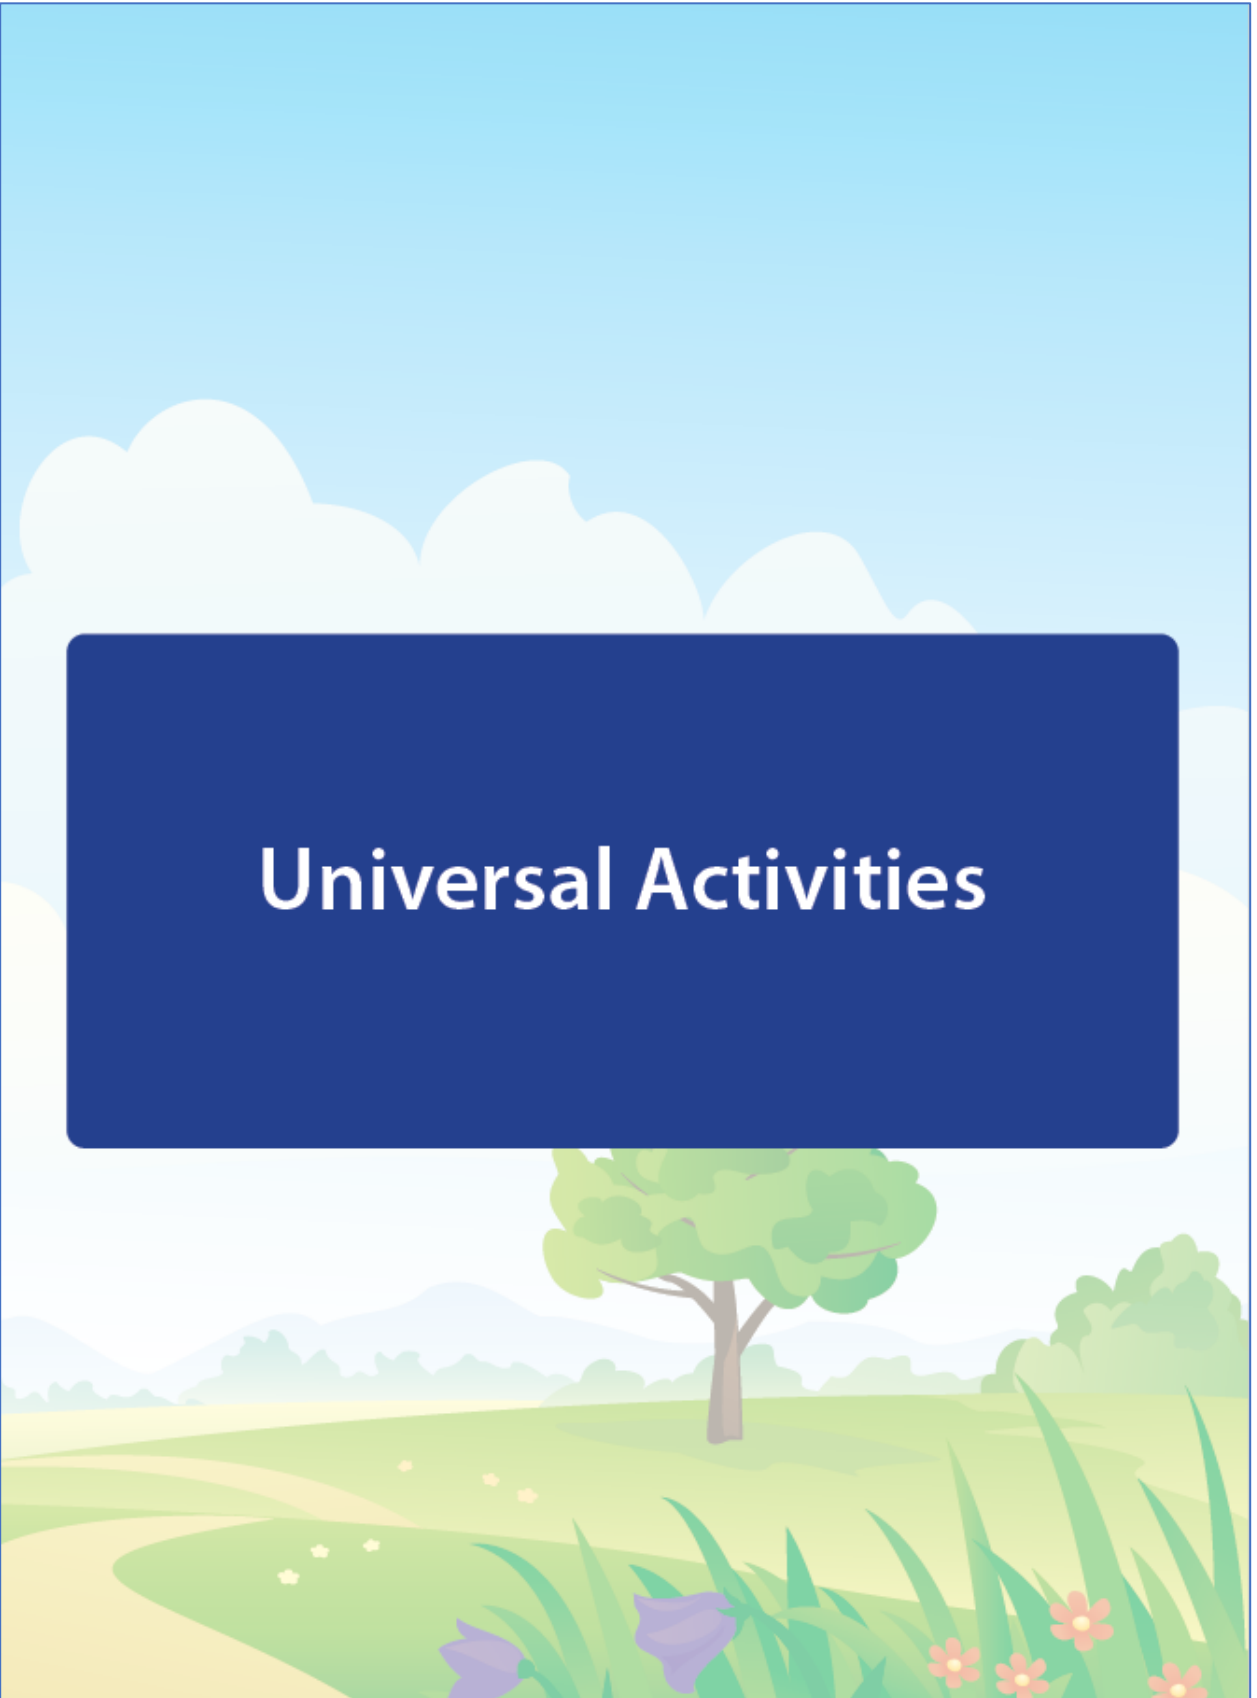

The information in this booklet is not exhaustive, and inclusion in this booklet does not mean that the Joint Service for Disabled Children endorses the activities. It is split into three sections:

1.	Universal Activities	These are inclusive activities that are accessible to all children and young people. You should talk directly with the provider to find out whether they can meet the needs of your child. You need to book and pay for these yourself. If you are in receipt of a Short Breaks Grant you can use this funding to pay for the activities.
2.	Universal Plus Activities	These are activities for children and young people with SEND who need some additional support. You need to book and pay for these activities yourself. If you are in receipt of a Short Breaks Grant you can use this funding to pay for the activities.
3.	Specialist Activities	These activities are for children and young people with SEND, who have complex needs. You may be referred to the activity and it will form part of your package of care. You can buy additional days directly from the provider, as can parents/carers who do not receive a care package.

Don't forget you can find this information and more in the "things to do" in Enfield on the [Local Offer](#).

The booklet will be updated for the main school holidays, ie, Easter and Summer. For half terms and Christmas holidays please contact the providers to find out what they can offer during these times. All contact details are in the booklet or can be found on the [Local Offer](#).
