

# I4\_Ponders End

## Notes

This map has been produced in line with policy D9 of the London Plan (2021), which requires boroughs to identify "locations where tall buildings may be an appropriate form of development". It only describes where tall buildings are potentially appropriate.

Please check the Tall Building Definition Map for what constitutes a Tall Building for the purposes of applying tall buildings policies.

Please refer to Policy DE6: Tall Buildings, which contains important information on the interpretation of these maps and the criteria to be applied to all proposals for tall buildings. In addition, all proposals must address the requirements of London Plan (2021) Policy D9 (and its successors). Accordance with these requirements are not implied by these areas and must be assessed on a case by case basis.

These diagrams do not infer an acceptable proposal in terms of townscape or impact on heritage assets. A proposal-specific analysis must be undertaken in accordance with other policies in the development plan.

Areas not marked as potentially appropriate are not suitable for tall buildings.
