EASA Support for Parents and Carers

The Enfield Advisory Service for Autism (EASA) is the autism specialist outreach team in Enfield (part of Russet House School). We provide training, support and advice for those working with, or caring for, autistic children and young people (up to 25yrs) in Enfield. Most of our services are free to access for Enfield educational settings and residents, funded by Enfield Council. You can find out more about the EASA Team and our full offer on our website: www.enfieldasa.org.uk

Registering your child or young person with EASA If you would like to access EASA services and speak with us about your child, please register them with us. They do not need to have a formal autism diagnosis. Registering means we can keep a record of the support you have accessed and helps us meet your needs better.	**Weblink** Enfield Advisory Service for Autism - Registration Form
