Section 6 – Details of dispensation

Note for Section 6

Applicants may seek a dispensation for all or any of the consultation requirements about qualifying works or long-term agreements.

6.1 Does the application concern qualifying works?

☐ Yes. **Go to question 6.2.**

☒ No

6.2 Have the works started or been carried out?

☐ Yes

☒ No

6.3 Does the application concern a qualifying long-term agreement?

☒ Yes. **Go to question 6.4.**

☐ No

6.4 Has the agreement already been entered into?

☐ Yes

☒ No

6.5 Use this page to give information about each of the qualifying works or qualifying long-term agreements. Use one sheet for each.

Describe the qualifying works or qualifying long-term agreement concerned. State when the works were carried out or planned to be carried out or in the case of a long-term agreement, the date that agreement was entered into or the proposed date it is to be entered into.

The Applicant seeks dispensation under section 20ZA of the Landlord and Tenant Act 1985 in respect of a proposed two-year electricity supply contract for communal housing services procured through the LASER Energy Buying Group. The costs will be recovered through service charges. The contract has been procured through a competitive public sector framework and leaseholders will suffer no relevant prejudice if dispensation is granted, while retaining their rights to challenge the reasonableness of service charges. The Building Safety Act 2022 provisions referred to above are not considered relevant to this application.

Note 6.5

Give a brief outline of your case so that the tribunal understands what your application is about.

Indicate if any of the provisions of Sections 116 to 122 and Schedule 8 of the Building Safety Act 2022 are relevant to this application.

The tribunal may ask for further details or documents to support your case.

If you need to include more information, use a separate document or use **Annex 1**.

Describe the consultation that has been carried out or is proposed to be carried out.

Full statutory section 20 consultation has not been carried out because it is not reasonably practicable given timing and market conditions. Leaseholders will still be informed through letters and retain full rights to challenge service charges.

Explain why you seek dispensation for all or any of the consultation requirements

The contract must be entered into by October 2026. Delaying procurement to complete consultation would risk exposure to out-of-contract or deemed rates, leading to materially higher costs.

Section 7 – Other applications

7.1 Do you know of any other cases involving:

- ☐ related or similar issues about the management of this property
- ☐ the same landlord or tenant as in this application

Details

Section 8 – Hearing

Determine without a hearing (a paper determination)

It is possible for your application to be dealt with only on written representations and documents without anyone needing to attend in person. This is called a paper determination.

8.1 Do you think a paper determination is right for your case?

- ☒ Yes
- ☐ No

Urgency of application

8.2 Is your case urgent?

- ☐ No
- ☒ Yes. **Explain why it is urgent.**

The matter is urgent because the Council must enter into a new electricity contract by October 2026 to avoid exposure to significantly higher and volatile out-of-contract energy rates, which would increase costs passed on to leaseholders

Note 8.1

Even if you have asked for a paper determination the tribunal may decide that a hearing is necessary.

You'll need to pay an additional fee of £227 if a hearing date is set.

Note 8.2

Cases are dealt with as either fast or standard track, the tribunal will decide which:

Fast track - this is for simple cases that will not create a lot of paperwork or argument. Fast track cases are usually heard within 10 weeks of application.

Standard track - this is for more complicated cases with numerous issues to be decided, or where there is lots of paperwork involved. Standard track cases are usually heard within 20 weeks of application.

Availability

8.3 Are there any days when you or any expert or witness you are using cannot attend?

☐ Yes. Please list them in the box below.

☒ No

Dates on which you or they **will not be** available in the next 4 months

Support during your hearing

8.4 Do you, or anyone attending with you, need any adjustments?

☒ Yes. Please list them in the box below.

☐ No

Note 8.4

Some people need support to access information and use our services, for example:

- documents in alternative formats, colours and fonts
- help with communication, sight, hearing, speaking, interpretation or translation
- access and mobility support if a hearing takes place in person

Annex 1

Use this page to give information about each of the qualifying works or qualifying long-term agreements. Use one sheet for each.

Describe the qualifying works or qualifying long-term agreement concerned. State when the works were carried out or planned to be carried out or in the case of a long-term agreement, the date that agreement was entered into or the proposed date it is to be entered into

The application concerns a qualifying long-term agreement for the supply of electricity to Council Housing communal areas, to be procured through the LASER consortium under a compliant public-sector framework by entering into a two-year contract commencing on or around 1 October 2026, with costs recovered through service charges. Full section 20 consultation has not been carried out because it is not reasonably practicable given the timing and volatility of the energy market, and delaying procurement would expose the Council and leaseholders to materially higher and volatile out-of-contract energy rates. The Council therefore seeks partial dispensation under section 20ZA of the Landlord and Tenant Act 1985; leaseholders will suffer no relevant prejudice, as they retain full rights to challenge the reasonableness of

Describe the consultation that has been carried out or is proposed to be carried out.

Explain why you seek dispensation of all or any for the consultation requirements

Dispensation is sought because the electricity contract must be entered into within a fixed timeframe to ensure continuity of supply and avoid exposure to materially higher and volatile out-of-contract energy rates; the procurement is constrained by the LASER framework and market conditions, meaning consultation would not realistically influence the procurement route, supplier choice or pricing; and leaseholders will suffer no relevant prejudice, as they retain full statutory rights to challenge the reasonableness of costs and service charges. Partial dispensation is therefore a reasonable and proportionate response that protects leaseholders' interests while enabling timely and cost-effective procurement of an essential service.
