

Dear Sirs,

1) I am writing to strongly object to the **Policy SP PL10, pages 81-87, Fig 3.11 Chase Park.**

To re-purpose **GREEN BELT** protected land for **HOUSING** is abhorrent and unnecessary. It will change the face of Enfield permanently and create a sprawling mass from Oakwood right up to Enfield Town.

It is a valuable rural asset and should be treasured and not 'eaten into' for the benefit of developers.

There are many other obvious ugly, industrial, wasted parts of the borough which could do with re-generation and re-purposing - leave our beautiful Green Belt alone.

You're changing the landscape of Enfield for ever. Don't let this be on your conscience.

We live here because we love our surroundings. Keep it that way.

2) I am also writing to strongly object to the **Policy DM DE6, pages 156-160** regarding the siting of **Tall Buildings**

Stop and think - before you turn the whole borough into a concrete jungle like the '70s Edmonton Green eyesore.... what a mistake that proved to be!

We do not want or need skyscrapers! We live in a beautiful borough - there are other ways to provide accommodation, as stated on p160. 7.6.4

The siting of the ugly 5G mast so near to our road, when it was supposed to be a 'replacement' for the mast which is currently sited some 35M away, outside the Tesco Express in Bramley Road N14 is bad enough. I have to look at it every day from first thing in the morning when I open my curtains, to last thing at night. Please do not add to our misery.
