

---

This is our objection to Local Plan SA32 Sainsburys Green Lanes P315 ,P359 of the Enfield Local Plan.

1 The loss of this very well used ,popular supermarket will force people to drive further distances to shop. This would especially affect the older and disabled and increase traffic on already crowded local roads.

2 There is no supporting infrastructure and this will cause severe problems with the already stretched schools ,dentists and doctors surgeries'

3 destruction of habitat and woodlands which are subject to protection orders.

4 this supermarket was built on the strict understanding that the green space was retained for community use.

5 This green space is very popular for people who do not have gardens and who live in the surrounding flats.

6 There is already a proposal for development along Green Lanes which will impact this area adversely.

Please take our objections seriously. They are valid.
