

Here are my comments ;

1. The drafting is poor with excessive verbosity and imprecision. I suspect it has been written by consultants with the objective of justifying their fees.

2. The political points re jobs, preservation of heritage , protection of environment and even pub protection are excellent.

3 The construction of houses and the need to minimise the impact on the environment should be achieved by the development of Crews Hill Garden Village with a commitment to provide a primary school , a health centre and a better bus service with a terminus at the station. The garden centres which are mainly outlet shops should be relocated to Church Street Enfield.

4 The rest of the green belt should be preserved with all housing green belt development at Crews Hill.
