

To whom it may concern

I would like to lodge my complaint about the proposed re-development of Sainsbury's in Winchmore Hill.

This will mean the closure of a large and excellent supermarket serving the community of Winchmore Hill and will force people to drive further afield.

Are the council going to improve the infrastructure in an area with over-loaded schools and doctors surgeries?

Do you have enough parking for 299 new homes?

Please listen to our objections and do not ignore us like you have done previously when we objected to the Green Lanes bike lane and the LTN road closures which have caused massive traffic jams and pollution on Green Lanes, Fox Lane etc.
