9th August 2021

Dear Sir,

As a resident in Enfield Borough for over 75 years I am shocked at the proposals for the widescale development of Green belt land at Vicarage farm; Holly Hill farm; Whitewebbs Park; Hadley Road and the equestrian centre and others.

To agree to this destruction of parts of the heritage of the Borough is mindless particularly as the intention is to provide housing, of which a large proportion will be social housing.

England has provided a safe haven for many immigrants coming cross channel and elsewhere. Although this may be an admirable achievement one must ask what skills these people and their descendents bring to the country. One of their principle needs is our generous social security, housing and medical provisions.

This part of the Enfield Plan is excessive and undesirable and I oppose it to the full. The development of this much of our Green Belt land is criminal!

Yours faithfully,
