

---

Dear Sir/Madam

I am writing to object to the following Policies: SP PL10, pages 80-87, and Figure 3:11; Policy SP PL9, pages 77-80 and Concept Plan Figure 3.10; Policy SA45:Land between Camlet Way and Crescent Way, Hadley Wood, page 364; Policy SA54, page 374, Policy SA62 page 373; and Policy SA62 page 383 and SP CL4 pages 277-279 - all of which propose the designation of Green Belt for housing and other purposes. These sites are part of historic Enfield Chase, which is unique in the southeast and played an important role in the development of Enfield. It is a rare and valuable landscape asset and its loss would cause permanent harm not only to the Green Belt, but also to the very character of the borough.

I feel devastated that these open green spaces could be potentially under tons of concrete because the Council takes the easy option to remove the protection of the green belt to build on instead of utilising existing brown field sites.

For many people who live in flats and have no gardens this is their only outdoor space.

This is a decision that must NOT be taken lightly, once gone we will never get these historic green sites back. There are sufficient brown field sites to build on before the green belt is even considered to be an option. It will be a very sad day for Enfield if this planning gets approved and I pray that this will not be the case.

Regards

Jane and Lissa Hermans
