

---

I cannot believe that such dreadful plans are in place for building on every available piece of land, taking away Enfield's only concept of "the countryside". We are London's northernmost borough and once termed London's TOP borough. Can you not see that this blot on the landscape will aesthetically be a disaster - but what about services, schools, GPs, buses, dentists, hospital services, etc, etc.

Consider Enfield in the future and not just 'on your watch'. Plan considerately, once we lose our Green Belt London will just spread out .

PLEASE, PLEASE consider these horrendous plans from people who, I assume, think they are doing the right thing. Think of how people's lives will deteriorate with the increase of traffic.

I moved to Enfield in September 1970 when I married, therefore we have just celebrated our Golden Wedding Anniversary.
